Paras Vora

426 E High St Apt 23 – Lexington, KY 40507

+1 (270) 315 8726 • paras.vora@uky.edu • www.parasvora.com

Education & Training

Washington University in St. Louis — **St. Louis, MO**
BS, Biomedical Engineering and Computer Science — *Aug. 2011–May 2015*

University of Kentucky College of Medicine — **Lexington, KY**
MD — *Jul. 2015–Exp. May 2020*

University of Kentucky Department of Internal Medicine — **Lexington, KY**
Internship — *Exp. Jul. 2020–Jul. 2021*

University of Kentucky Department of Ophthalmology and Visual Sciences — **Lexington, KY**
Residency — *Jul. 2021–Exp. Jul. 2024*

Honors & Awards

Travel Grant — **Baltimore, MD**
ARVO 2020 | Dr. Eric Higgins — *April 2020*

Development and Innovation Award | "Real-Time Stereoscopic Slit Lamp Videography" — **Lexington, KY**
University of Kentucky Global Ophthalmology | Dr. Eric Higgins — *April 2019*

Best Poster Award | "Using Artificial Intelligence to Facilitate Eye Disease Detection" — **Lexington, KY**
Markey Cancer Center Research Day | Dr. Romulo Albuquerque — *May 2018*
Clinical and Translational Science - Graduate Students Section

Outstanding Leadership & Community Service Award | University of Kentucky — **Lexington, KY**
Salvation Army Clinic — *Apr. 2017*

Research & Intellectual Contributions

Research Projects

Student Researcher — **Lexington, KY**
Advisor: Eric Higgins, MD, University of Kentucky — *Dec. 2019–Present*
Department of Ophthalmology and Visual Sciences
Project: Semantic Vessel and Lesion Segmentation in Diabetic Retinopathy

Student Researcher — **Lexington, KY**
Advisor: Eric Higgins, MD, University of Kentucky — *Apr. 2019–Present*
Department of Ophthalmology and Visual Sciences
Project: Teaching Ophthalmology in 3D/VR

Student Researcher — **Lexington, KY**
Advisor: Eric Higgins, MD, University of Kentucky — *Apr. 2019–Present*
Department of Ophthalmology and Visual Sciences
Project: Real-Time Stereoscopic Slit Lamp Videography

NIH TL1 Research Trainee — **Lexington, KY**
Advisor: Romulo Albuquerque, DDS, MD/PhD, University of Kentucky — *Jun. 2018*
Department of Ophthalmology and Visual Sciences
Project: 3D-Printed Transilluminating Scleral Depressor for Vitrectomy Surgery

NIH TL1 Research Trainee **Lexington, KY**
Advisor: Romulo Albuquerque, DDS, MD/PhD, University of Kentucky *Jun. 2017–Jun. 2019*
Department of Ophthalmology and Visual Sciences
Project: Non-Contrast Retinal Video Processing to Assess Retinal and Choroidal Perfusion

NIH TL1 Research Trainee **Lexington, KY**
Advisor: Romulo Albuquerque, DDS, MD/PhD, University of Kentucky *Aug. 2017–Jun. 2018*
Department of Ophthalmology and Visual Sciences
Project: Development of Dry Eye Syndrome and Corneal Sensitivity after Vitreoretinal Surgery

Researcher **St. Louis, MO**
Advisors: Jennifer Silva, MD and Jonathan Silva, PhD *May 2016–Aug. 2016*
Washington University School of Medicine, Department of Pediatric Cardiology
Washington University in St. Louis, Department of Biomedical Engineering
Project: Augmented Reality Applications for Cardiac Catheterization Procedures

Student Researcher, Research in Surgery Elective **Lexington, KY**
Advisor: Romulo Albuquerque, DDS, MD/PhD, University of Kentucky *Jan. 2016–Jun. 2016*
Department of Ophthalmology and Visual Sciences
Project: Conditional Genetic Knock-out in Trigeminal Ganglia Following Corneal Nerve Injury

Student Researcher **St. Louis, MO**
Advisor: Deborah Veis (Novack), MD/PhD, Washington University School of Medicine *August 2013–May 2014*
Division of Bone and Mineral Diseases
Project: Effect of Low Dose Hydrogen Peroxide on Bone Turnover

Summer Undergraduate Research Fellow **St. Louis, MO**
Advisor: Deborah Veis (Novack), MD/PhD, Washington University School of Medicine *May 2013–August 2013*
Division of Bone and Mineral Diseases
Project: The Role of TGF-Beta in RANKL-Induced Osteoclastogenesis

Student Researcher **St. Louis, MO**
Advisor: Deborah Veis (Novack), MD/PhD, Washington University School of Medicine *Aug. 2012–May 2013*
Division of Bone and Mineral Diseases
Project: Effect of IAP Antagonists on Bone Turnover

Summer Research Fellow **Owensboro, KY**
Advisor: Uma Sankar, PhD, University of Louisville *May 2012–Aug. 2012*
Project: Lentiviral Cloning of GFER in Cancer Cell Lines

Research Certification

University of Kentucky Collaborative Institutional Training Initiative
GCP for Clinical Trials Involving Medical Devices, Biomedical Investigators and Key Personnel *Jun. 2017–Present*

Funding

UK Global Ophthalmology Development & Innovation Grant *Apr. 2019–Present*
"Real-Time Stereoscopic Slit Lamp Videography"

NIH TL1 Predoctoral Clinical Research Training Fellowship *Jun. 2017–Jun. 2018*
"Novel Application of Eulerian Video Magnification for Assessment of Choroidal Perfusion"

UK Center for Clinical and Translational Science Small Grant *Oct. 2017–Oct. 2018*
"Retinal Video Processing for Non-Contrast Assessment of Retinal and Choroidal Perfusion"

Washington University Summer Undergraduate Research Fellowship *May 2013–Aug. 2013*
Howard Hughes Medical Institute - "Role of TGF-Beta in RANKL-Induced Osteoclastogenesis"

Patents

Application: US20190159707A1 - "System and Method for Assessment of Retinal and Choroidal Blood Flow Noninvasively Using Color Amplification," Provisional filed November 30, 2017, Non-Provisional filed November 30, 2018

Consulting Activities

Igneous, LLC **Lexington, KY**
Co-Founder *Oct 2017–Present*
Providing technical expertise for patent-pending software algorithm to assess tissue perfusion

Professional Activities, Public Service & Professional Development

Memberships

Association for Research in Vision and Ophthalmology: Member *2017–Present*

American Medical Association: Member and Delegate *2015–Present*

Lexington Medical Society: Member *2015–Present*

Leadership & Service

Ophthalmology Interest Group Executive Board **Lexington, KY**
Volunteer Coordinator *May 2019– May 2020*
Managed medical student volunteers, attendings, and residents at the Salvation Army Ophthalmology Clinic.

Ophthalmology Interest Group Executive Board **Lexington, KY**
President *May 2017– Jun. 2018*
Formed a free student-run ophthalmology clinic at the Lexington Salvation Army. Featured articles:
- UK Healthcare Blog: https://1n.pm/Do7GF

Ophthalmology Interest Group Executive Board **Lexington, KY**
Vice President *May 2016–May 2017*
Organized informational career and specialty meetings with various ophthalmologists

Salvation Army Student Run Clinic **Lexington, KY**
Volunteer *Jan. 2016–Present*
Helping provide free medical care for Lexington's indigent populations

Salvation Army Student Run Clinic **Lexington, KY**
Technology Officer *Jun. 2016–Jun. 2017*
Maintained and improved the clinic website, upgraded computers and software to improve patient documentation

Relay For Life Executive Steering Committee **St. Louis, MO**
2013-2014: Co-Chair; 2014-2015: Communications Chair *May 2013–May 2015*
Planned and implemented the annual Relay For Life event on Washington University's campus, helping raise over $600,000 to support cancer research, treatment, and awareness

Teaching Experience

Mentor, Neuroscience Course **Lexington, KY**
University of Kentucky College of Medicine *Feb. 2017–May 2017*
Held weekly one-on-one meetings in the Neuroscience course attended by all first year medical students

Other Creative Activity

Machine Learning Final Project *2017–2018*
University of Kentucky Department of Computer Science
For the Special Topics in Artificial Intelligence course. Implemented an active-learning based software tool in for training a machine learning model to grade diabetic retinopathy from fundus images

Senior Design Project *2014–2015*
Washington University Department of Biomedical Engineering
Developed and presented software to evaluate reading patterns via eye-tracking hardware. View the final report: http://goo.gl/1Il2Tm

Interests

Travel Photography: View my photos at https://goo.gl/photos/Xfr3W8DyZ1yfCSRSA

Other Interests: Tennis, coffee, computers/current technology, microelectronics
